Career Objective

Motivated Computer Science student with strong interest in Web Development and Software Engineering. Seeking opportunities to apply skills in full-stack development, problem solving, and software design. Passionate about building scalable and efficient web applications using modern technologies.

Education

Sahara College

Bachelor of Science in Computer Science (BSCS)

Relevant Coursework: Data Structures, Algorithms, Database Systems, Operating Systems, Software Engineering, Web Engineering, Artificial Intelligence, Computer Networks

Narowal

2022–2026

Technical Skills

Frontend: HTML, CSS, JavaScript, React.js, Bootstrap

Backend: Node.js, Express.js

Database: MySQL, MongoDB

Programming: C++, Java, Python (basic)

Tools: Git, GitHub, VS Code, Postman

Projects

CarHub - Spare Parts Selling Web Application (Final Year Project)

Full-stack MERN web platform for buying and selling car spare parts.

- MERN stack (MongoDB, Express, React, Node.js)
- User authentication and role-based access (Admin/User)
- Product listing, search, cart, and order system
- REST APIs with responsive UI design

Student Management System

- CRUD system using PHP and MySQL
- Student records, attendance, and grades management
- Admin panel with authentication

Library Management System

- Book issue/return system with database integration
- Search and record management features

Weather App (API Project)

- JavaScript + OpenWeather API integration
- Real-time weather by city search

Certifications

Web Development (HTML, CSS, JS, React)

Database Management Systems

Object Oriented Programming (C++)

Software Engineering Basics

Soft Skills

Problem Solving, Teamwork, Communication, Time Management

Interests

Web Development, AI Applications, Software Engineering, Freelancing
